TOTAL	\$9,966,200	\$9,966,200	\$9,966,200	\$0	0.0%	

Major Request Item

1. COMBINE REPORTS

Request that an annual report on community medical education programs and rural or underserved urban medicine programs established after July 2, 2013, be combined with the required biennial report from the Medical College of Wisconsin.

The biennial report includes the following information: (a) minority student recruitment policies and programs and the number of minority students enrolled; (b) the number and percentages of Wisconsin students enrolled; (c) average faculty salaries compared to national averages; (d) development of cooperative educational programs with other institutions throughout this state; (e) placement of graduates in residency training programs; (f) the financial status of family practice residency sites; (g) the number of family practice residents choosing to practice in medically underserved areas of the state upon graduation; (h) the number of graduates entering family practice as a career; and (i) financial summaries.

The annual report, which was created by 2013 Act 20, includes the following information: (a) the number of students enrolled in rural or underserved urban medicine programs; (b) the medical specialties and residency locations of the students in rural or underserved urban medicine programs; and (c) the initial postresidency practice locations for graduates of rural or underserved urban medicine programs.
